

**QUESTIONS FOR DEAN HANSELL, FORMER CHAIR OF THE SHERIFF'S  
OVERSIGHT COMMISSION WORKING GROUP  
MAY 25, 2016**

- Please describe the greatest lessons from your experience on the Sheriff's Oversight Commission that you believe might help inform our work. (Chodroff)
- Do you have any suggestions for how we might most effectively uncover duplication or overlap among entities that currently exist and provide oversight over the Probation Department? (Chodroff)
- What were the greatest challenges you experienced on the Sheriff's Oversight Commission? What would you have done differently? (Chodroff)
- The Probation Oversight Work Group has an additional charge that the Sheriff's Oversight Commission Work Group did not face – we are tasked with first assessing the landscape to determine whether a Probation Oversight Commission is necessary and feasible. Given that important, initial step, how would you recommend that we conduct our work in a way that is thorough and adheres to the mandate of our governing motion, without delaying the process too long? (Chodroff)
